

Indexed list of file titles – Senate Continuing Order Rural Industries Research and  
 Development Corporation (trading as AgriFutures Australia)  
 Date: 01 January to 30 June 2021

File ID	File Title
R2021/0001	Edits to Thoroughbred Horses Program Interim 5yr Plan
R2021/0002	Future options for the control of the RLEM earth mite in Australian Pasture Seed
R2021/0003	Tea Tree oil
R2021/0004	Extension and Engagement Services
R2021/0005	Enhanced Extension for the Australian Tea Tree Industry
R2021/0006	extensionAUS Business Case
R2021/0007	Full Business Case- Future Consumer
R2021/0008	Phase 2- Short form business case- future consumer research program
R2021/0009	Agriculture Health and Safety Statistics 2021
R2021/0010	Rice breeding program structure and governance model development
R2021/0011	Producer Technology Workshops
R2021/0012	Understanding the current and future demand for Australian tea tree oil
R2021/0013	AgriFutures Australia 2021 Stakeholder Survey
R2021/0014	Sponsorship Agreement - Gold Corporate Membership - Australian Farm Institute
R2021/0015	Uncovering and minimising the impacts of COVID-19 logistics disruption
R2021/0016	External review of PRJ-010818
R2021/0017	Rice Extension Program Design
R2021/0018	AgriFutures Chicken Meat Program - Articles of Interest
R2021/0019	AgriFutures Rice Program and Export Fodder Program strategic RD&E plans
R2021/0020	Development of RD&E strategic plan for Goat Fibre Program 2021-2026
R2021/0021	Building the capacity of new and emerging industries using online training
R2021/0022	Promoting the Importance of Bees Communications
R2021/0023	Soil moisture sensor network in the medium/low rainfall environment in the Northern Wimmera
R2021/0024	Development of a RD&E Plan for an Australian sunn hemp industry
R2021/0025	Mid-term reviews of the AgriFutures Chicken Meat Program RD&E Plan 2019-2022 and the AgriFutures Tea Tree Oil RD&E Plan 2018-2022
R2021/0026	Roadmap to Net Zero Emissions Grampians Agriculture Project (R2ZGAP)
R2021/0027	Victorian Strawberry Growers Association -Ag Tech Workshops & Adoption Strategy
R2021/0028	Practical Technology Uptake on the Monaro- Hosting a Regional Agricultural Technology Symposium
R2021/0029	Clarifying the value proposition for farmers when considering variable rate (VR) fertiliser application to improve uptake of variable rate technology.
R2021/0030	Evaluating a remote sensing 'Time Series' approach for monitoring seasonal variability in tree health and yield forecasting in tea tree.
R2021/0031	Data Pig™ Implementation Pilot Program
R2021/0032	Innovation Uptake Program
R2021/0033	Digitally enabled cotton farms -Back to basics
R2021/0034	Encouraging adoption of cost efficient, accurate moisture monitoring in the irrigated farming system.
R2021/0035	Ag-Tech uptake project- enabling farmers to understand and utilize useful ag tech developments.
R2021/0036	Digital viticulture technology for the Canberra Wine District

File ID	File Title
R2021/0037	Revaluing Workshop Waste
R2021/0038	Evaluation of cooperative models under a carbon market as a method of increased engagement and uptake by producers, including exploring new or augmented approaches.
R2021/0039	Developing Team Culture Workshop - Research Team May 2021
R2021/0040	Skills and knowledge development of advanced telemetry enabled digital irrigation monitoring technologies.
R2021/0041	Limestone Coast Carbon Smart Landscape Project: Stimulating a collaborative practical approach to carbon smart primary production at a local level in the Limestone Coast.
R2021/0042	Fruit Tech 2021
R2021/0043	FAN AgTech Farm Trail
R2021/0044	Incorporating digital farming for improved productivity in the Upper North of South Australia.
R2021/0045	Improving Farm Water Use Efficiency - Digital technology implementation and training to improve overall on-farm productivity and improve farm water-use efficiencies.
R2021/0046	Getting Connected with LoRaWAN
R2021/0047	Building technology adoption capability in the Native Ag+Food sector.
R2021/0048	Rice Breeding Program Transition Support
R2021/0049	Carbon Initiative Objective 3 - Market development pathways for producers.
R2021/0050	Development of strategic RD&E Plan for the Australian Guayule industry
R2021/0051	Carbon Abatement and Storage - Kangaroo Grazing Systems
R2021/0052	Pre-Farm Gate Waste Program Project 1.2 Risks and benefits for sector change
R2021/0053	Quantifying the greenhouse gas emission and carbon co-benefits of on-farm irrigation dams
R2021/0054	Can freshwater plants act as a feed supplement to reduce methane emissions from cattle?
R2021/0055	Collaborative management and measurement of carbon farming and its co-benefits
R2021/0056	Intensive Horticulture Advanced Technology Outreach and Adoption Program.
R2021/0057	Development of strategic RD&E Plan for the Australian Murray Cod industry
R2021/0058	Development of a RD&E Plan for the Australian Cocoa Industry
R2021/0059	Development of strategic RD&E Plan for the Australian Moringa and Native Bee industry's
R2021/0060	IHVT Hemp Agronomist
R2021/0061	Marine Permaculture cultivation, sinking and storage of deep blue seaweed biomass carbon in Australian EEZ waters
R2021/0062	Development of strategic RD&E Plan for the Australian Native Finger Lime industry
R2021/0063	Development of a national waste management strategy for primary industries focusing on plastics (hard & soft), animal waste and hard waste such as workshop waste
R2021/0064	De-tangling the blockchain: Solutions and barriers in AgriFutures-levied small and emerging industries
R2021/0065	Model impacts of extreme disruptions on production and profitability of small and emerging industries
R2021/0066	Objective 5 - Carbon Market Readiness – Financial Services
R2021/0067	Carbon market development pathways for producers - Objective 3
R2021/0068	Objective 2: Impact of innovative sensing opportunities on industry preparedness (biosecurity) for pest, disease and weed incursions
R2021/0069	IHVT Project Coordinator

<b>File ID</b>	<b>File Title</b>
R2021/0070	Agricultural Sector Vulnerabilities – Building Supply-Chain Resilience
R2021/0071	The Efficiency Factor of Soil Carbon Stock Auditing Methods
R2021/0072	Towards Circular Material Futures: Development of innovative solutions to recycling and re-purposing existing pre-farm gate waste
R2021/0073	Farmers 2 Founders 2021-22 Sponsorship
R2021/0074	Using compost to improve nitrogen use efficiency and productivity of Almonds
R2021/0075	Evaluation of Cooperative Models for Carbon Pooling through Behavioural Economics
R2021/0076	A Common Approach to Sector-Level GHG Accounting for Australian Agriculture
R2021/0077	Pre-Farm Gate Waste Program - Data Collection
R2021/0078	Agriculture Discovery Workshop
R2021/0079	Pathways to develop a future-ready workforce for Australia's small and emerging agricultural industries
R2021/0080	Greenhouse Production of High Grade Medical Mono Floral Manuka Honey
R2021/0081	Application of spaceborne-inspired hyperspectral imaging for soil carbon quantification
